## Residential REBATE PROGRAM

Local Service. Member Owned.

### Save Energy. Save Money. Get a Rebate!

#### WATER HEATERS (Heat Pump or Hybrid)

- ▶ Minimum 40 gal.
- ▶ All-in-one units

NEW CONSTRUCTION OR REPLACING GAS OR ELECTRIC

**\$500**

#### GEOHERMAL HEAT PUMPS

- ▶ Desuperheater or "hot water assist" required on new installations with electric resistance water heater.

NEW CONSTRUCTION OR REPLACING ELECTRIC RESISTANCE HEAT, GAS, HEAT PUMP OR GEOHERMAL

**\$1,500**

#### AIR SOURCE, DUCTLESS MINI SPLIT, OR DUAL FUEL HEAT PUMPS

##### Minimum Efficiency Requirements

Stick Built or Modular Housing

- ▶ 9.0 HSPF; 16 SEER

Mobile/Manufactured Housing\*

- ▶ 8.0 HSPF; 14 SEER

##### HEAT PUMP REPLACING GAS, EXISTING AC OR HEAT PUMP OR NEW CONSTRUCTION INSTALL\*\*

Dual/Variable/Multi-Speed Compressor ONLY

**\$750**

##### HEAT PUMP REPLACING 100% ELECTRIC RESISTANCE HEAT

(Must be replacing primary heat source for whole home)

**Not qualified** for 100% Electric Resistance Replacement:

Heat pump with electric resistance, space heaters, gas furnace, wood stove, wood pellet, A/C, back-up heat

Single Speed Compressor

**\$800**

Dual/Variable/Multi-Speed Compressor

**\$1,500**

##### \* Mobile/manufactured homes are defined as:

- Factory assembled; Transportable; Designed for transportation on own chassis; Can be placed on temporary or permanent foundation; Intended for year-round occupancy.
- Note: Modular homes are considered residential single family homes.

##### \*\*Units that do not qualify include:

- Window heat pumps, "Thru-the-wall" heat pumps (hotel-type machines) and Ductless Mini-Split Heat Pumps when only used for sunrooms, room additions or other small areas.

#### PLEASE NOTE:

Your electric cooperative reserves the right to approve, deny or select the appropriate incentive. Prior approval from your electric co-op is required for electric resistance incentives.

To qualify, the home in which the equipment is installed must be occupied year-round (12 months) and an energy management switch must be installed on rebated equipment.

To receive an incentive from your cooperative, homeowners must provide AHRI (Air conditioning, Heating and Refrigeration Institute) validation for all SEER ratings. This can be obtained from the installing heating and cooling dealer. No incentive will be awarded based on SEER rating listed on the HVAC dealer bid specifications, promotional material of dealer, manufacturer or any other source than AHRI.

Homeowners must complete a request form and provide proof of purchase (invoice or receipt) to receive any 2019 incentive.

**Deadline to apply for 2019 Rebate Program is Dec. 20, 2019**

### ASK YOUR CO-OP ABOUT THESE OTHER ENERGY SAVING PROGRAMS

#### LED Online Co-op Store

- 75% (up to \$3) instant rebate available for small LED lamps and reflector floods + FREE SHIPPING
- 75% (up to \$6) instant rebate available for large LED reflector floods or specialty lamps + FREE SHIPPING

#### Energy Management Savings Switch

- Receive up to \$60 per year in bill credits for participating in the Energy Management Program.

#### Appliance Recycling

- \$50 per appliance rebate
- Must be a working refrigerator or freezer between 10 and 30 cubic feet
- Residential only, no commercial
- Limit of two appliances per household

### *Please read and sign below to indicate you understand and agree to the following conditions:*

1. All rules and requirements of this program have been followed.
2. Applicant has read and agrees to the Residential Rebate Program Terms and Conditions at [www.sinpwr.com](http://www.sinpwr.com).
3. Applicant is a residential member of Southern Indiana Power, an electric cooperative member of Hoosier Energy.
4. The rebated equipment has been installed and operational prior to submission of this application.
5. Southern Indiana Power is providing the electric service to the installation site address listed on this application. Rebated equipment is installed in the primary residence of the applicant.
6. Applicant understands and agrees that neither Hoosier Energy nor Southern Indiana Power assumes any responsibility or liability arising out of or related to applicant's participation in Team Up programs.
7. Applicant will allow inspection of the rebated equipment (if requested).
8. Applicant understands applicant will not receive a rebate if applicant and/or applicant's contractor fails to provide required program documentation.
9. Applicant agrees to purchase power from Southern Indiana Power for a period not less than the deemed measured useful life of rebated equipment. Should the applicant receive power from any source other than the electric cooperative, including generation owned by the customer, before the end of the equipment's deemed useful life, the applicant agrees to refund the full amount of the rebate to the distribution cooperative.
10. Applicant gives permission to Hoosier Energy to obtain usage information from their electric cooperative. Applicant understands that Hoosier Energy may use the usage information provided for program evaluation and analysis. If signing in a capacity other than an individual capacity, the individual signing below hereby represents and warrants that she/he is duly authorized to execute and deliver this application on behalf of the applicant.
11. Southern Indiana Power reserves the right to approve, deny or select the appropriate rebate amount.

## HVAC Equipment Information

HVAC Installation Date: \_\_\_\_\_

**Installation Type:** *Equipment must be installed in primary residence*

**Replacing existing A/C or HEAT PUMP; or New Construction Install**

(ASHP, MSHP, or GHP heat pump type)

- Existing home new HEAT PUMP install
- New residential construction install
- Replacing existing A/C
- Replacing existing HEAT PUMP

**Replacing 100% Electric Resistance\***

(HPRER or DMSHP heat pump type)

Must be primary heat source to home.

What type of heat is being replaced?

(Required if replacing electric resistance)

- Electric Coil Furnace
- Baseboard
- Ceiling Cable
- Other: \_\_\_\_\_

(Description of "other" required.)

*\*Not qualified for 100% Electric Resistance Replacement:*

*Heat pump with electric resistance, space heaters, gas furnace, wood stove, wood pellet, A/C, back-up heat*

### Heat Pump Type:

**Air Source (ASHP) \$750**

*Dual/Variable/Multi-speed compressor is required*

**Ductless Mini-Split Heat Pump (DMSHP)\*\* \$750**

*Dual/Variable/Multi-speed compressor is required*

**Geothermal Heat Pump (GHP) \$1,500**

- Single Speed Compressor
- Dual/Variable/Multi-Speed Compressor
- (GHP) Desuperheater installed?  Yes  No
- (GHP) Propane/gas back-up?  Yes  No

**Electric Resistance Replacement Air Source/Dual Fuel (HPRER)**

- Single Speed Compressor \$800
- Dual/Variable/Multi-Speed Compressor \$1,500

**Electric Resistance Replacement Ductless Mini-Split (DMSHP)\*\***

- Single Speed Compressor \$800
- Dual/Variable/Multi-Speed Compressor \$1,500

Does the heat pump have a gas furnace (Dual Fuel):  Yes  No

**Note:** HVAC contractor MUST indicate on the invoice, whether a single or dual/variable speed compressor was installed.

### Submission of application expressly indicates member understanding and agreement to the following conditions:

Limit of two rebates (per type) per household. Rebates for HVAC equipment are available for whole house installations only. To receive a rebate, all homeowners must provide AHRI (Air conditioning, Heating and Refrigeration Institute) validation for all SEER and HSPF ratings that can be obtained from the installing heating and cooling dealer. No rebate will be awarded based on HVAC dealer bid specifications, promotional material of dealer, manufacturer or any other source than AHRI. A certificate of AHRI-certified performance must be submitted.

All homeowners must complete a rebate request form and provide proof of purchase to receive any 2019 rebate. Deadline to apply for 2019 Rebate Program is Dec. 20, 2019.

All homeowners and future homeowners receiving rebates from the electric cooperative agree to the future installation of an energy management switch on these rebated appliances to allow future peak demand energy management procedures. The cooperative reserves the right to approve, deny or select the appropriate rebate. The co-op also reserves the right to inspect and verify installation of equipment receiving a rebate.

## Bright ideas for energy efficient lighting

Residential members can visit our LED Lighting Store for instant savings on LED bulbs (and future savings on their electric bill.)

Your electric cooperative also has a special online store for Small Business/Agriculture lighting products.

Go to [teamuptosave.com/lighting](http://teamuptosave.com/lighting) or [www.sinpwr.com](http://www.sinpwr.com).

## Looking for incentive programs for your business?

Check out our commercial and industrial programs.

Rebates and incentives available for many applications:

- Lighting
- HVAC
- Motors
- Compressed Air
- New Construction
